1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a future customer since Duke Power is taking over Progress Energy.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Given the fact that our economy is crashing and burning thanks to our irresponsible government and high gas/food/etc prices, customers of Duke Power will NOT be able to handle an increase in rates. Most of us are just getting by. Some may not survive all the increases in the cost of living. I understand the Obama Administration is mandating all sorts of unrealistic demands on companies but "We the People" AND Duke Power need to fight back. Our country is rapidly falling and Government controlled energy is one big piece of the puzzle.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I would love to but I unfortunately have to work for a living in order to pay my bills, unlike the welfare recipients which continue to multiply and live off the backs of those who do work.
